CALMA FOR ALL

Inclusive, Connected. Designed for All.

The Calma For All is a highly engineered accessibility pod. It has a host of features that allow for full flexibility and inclusivity at a very affordable price.

This is the perfect accessible office pod for any modern office, striving for inclusive and comfortable design.

All The Space You Need for
full range of movement.

Calma For All's thoughtfully designed interior, with its automatically folding features and spacious layout, facilitates circular wheelchair movement.

Its design aligns with the guidance provided in 2010 DDA Standards for Accessible Design, Section 304.3.1, regarding circular turning spaces

With a host of ergonomic features that make this pod a great place to work for everyone.

These features include:

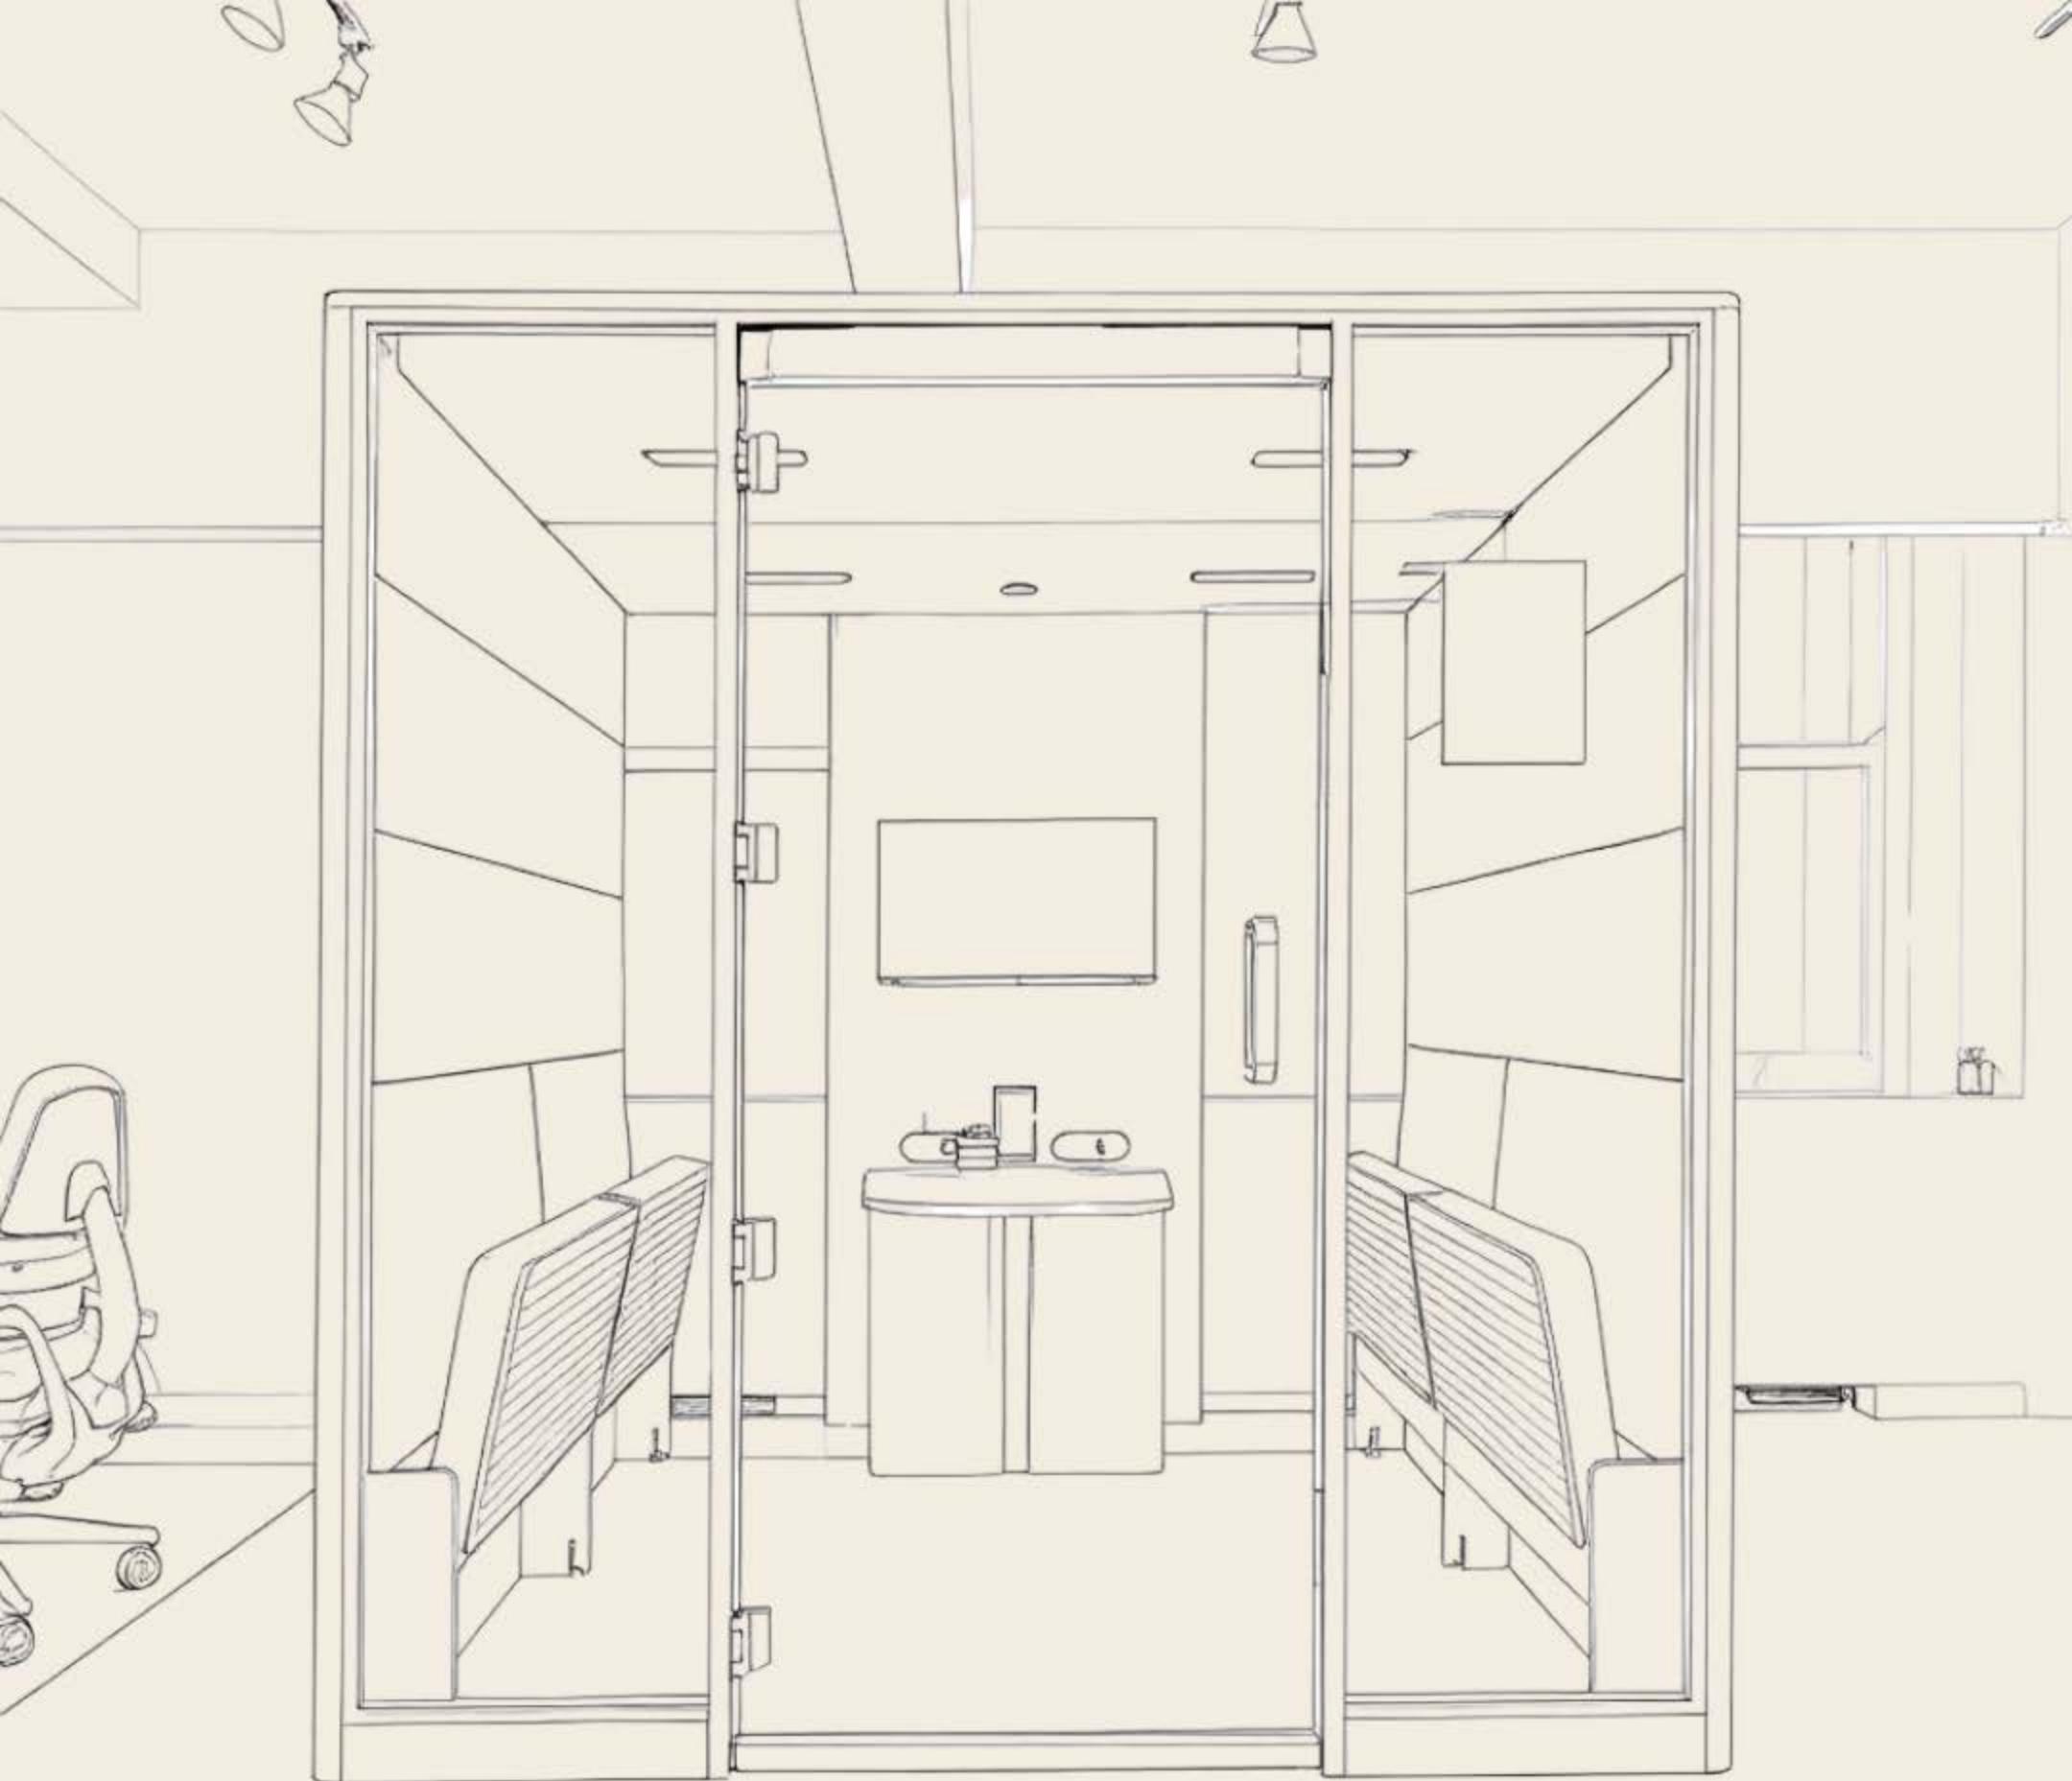

- **Foldable Desk & Built-In seating** – The foldable seating allows multiple configurations: seating for four, seating for two plus space for a wheelchair, or space for two wheelchair users.
- **No Step** – To ensure easy access, Calma For All is installed directly on the floor, allowing users to enter and exit without any steps or barriers.
- **Automatic Closing Door** – Calma For All features an automatic closing door designed to enhance accessibility. The door closes softly once the applied pressure is released.
- **Touch panel for adjustable lighting and ventilation** – Our Calma For All has dimmable lighting and ventilation via an aesthetically pleasing touch panel. This lighting is at 2700k (perfect daylight temperature).

Calma for
All is a
Certified
DDA
resource.
