WHO ARE INVENTRY?

30 DAY MONEY BACK GUARANTEE

InVentry are a pioneer of sign in and visitor management systems and is trusted by over 10,000 organisations across the UK. Our system transforms the efficiency of entry into a building and provides secure digital data on every entry or exit; giving companies maximum traceability for staff, contractors and visitors. Our products are developed in-house and provide a smart solution to site security and tracking - without compromising on the reliability and stability that customers expect from a front of house system.

KEY FEATURES

SEND CUSTOM QUESTIONNAIRES TO CONTRACTORS PRIOR TO THEIR VISIT

CLOUD CONSOLE

From pre-booking and tracking arrivals, to viewing detailed staff and visitor information, the Cloud Console simplifies administrative tasks and enhances operational efficiency.

- Pre-book visitors and approved personnel, and easily view their arrival status, on the go.

- Staff details are readily available, including vehicle registration, which department they work in and reasons for signing out.

GATEHOUSE

Security staff are able to mark visitors as arrived via the InVentry console as soon as they arrive at the gate, for the ultimate convenience.

- Once visitors are marked as present they will automatically appear on the InVentry Anywhere App.

- Perfect for larger sites with multiple entrance points with gates and barriers.

CONTRACTOR MANAGEMENT

Ensuring contractors are properly checked before and when they arrive on your site is critical for your health and safety, as well as the security of your organisation.

- Customise the contractor sign in system process with induction info, health and safety, T&Cs and evacuation details.
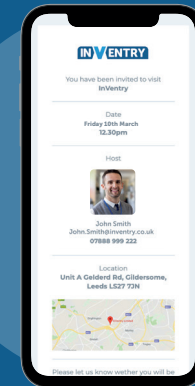

- If contractors forget to complete the questionnaire prior to arrival, they can complete this on site, through the dedicated Questionnaires app!

OTHER FEATURES

MULTIPLE ENTRY POINTS

Allow for quick and easy sign in across multiple entry points around your building with our indoor and outdoor Quickscan touch units.

Quickscan units can be mounted almost anywhere on your site and at multiple locations.

Customise your Quickscan unit to enable your staff to select a reason for signing in or out of the building.
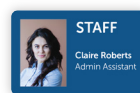

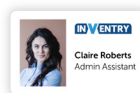

CLICK HERE TO SEE HOW IT WORKS

RFID CARDS

Give staff and personnel their very own ID card and allow contactless entry across your organisation.

Quick and simple sign in process by simply swiping a card on your InVentry screen or Quickscan unit.

PREBOOKED INVITATIONS

InVentry integrates with many email providers, meaning meetings are added straight into your inbox – perfect for contactless sign in with pre-booked visitor invitations!

Send visitors a personal QR code to sign into InVentry and attach any important documents needed.

DOOR ACCESS INTEGRATIONS

The most comprehensive sign in and door access integrations.

Trigger door releases via an InVentry card reader, and sign into InVentry via your access control reader - all from just a single swipe!

Allow pre-booked visitors to open entrance barriers and doors through just a simple invitation click.

Provide a custom time restriction on each invitation - whether it's multiple hours or multiple days, you're in control.

Paxton   ALMAS INDUSTRIES   SALTO inspired access   suprema

CHECKPOINT

Allow staff and pre-approved visitors and contractors to sign into site, and trigger door releases at the same time - the perfect alternative to temporary access cards!

> **THROUGH OUR INTEGRATION WITH PAXTON AND INVENTRY, WE NOW HAVE THE ABILITY TO TRACK ONSITE ARRIVALS AT MULTIPLE POINTS ACROSS OUR SITE, NO MATTER WHAT TIME OF DAY IT IS, WHICH HAS BEEN A GREAT ADDITION TO OUR BUILDING.**

INVENTRY ANYWHERE APP

With the Anywhere App, you can use InVentry on the go. Quick, simple and easy to use!

- Trigger evacuations and send an alert notification to staff via the app.

- Allow staff to sign in remotely.

- Sign in and out on the go via your device.

- Pre-book visitors and send a QR code to scan upon arrival.

- Easily see which staff are signed in at the press of a button.

- Scan QR code ID badges for staff and visitors during an evacuation.

" THE ANYWHERE APP HAS BEEN A GAME-CHANGER FOR OUR FIRE DRILL PROTOCOL. WE HAVE THE ABILITY TO VIEW AND ACCOUNT FOR ALL THOSE ON-SITE AND WE WERE EVEN PRAISED BY THE FIRE BRIGADE INSPECTOR FOR HAVING SUCH AN EFFICIENT SYSTEM IN PLACE!

Jo Bishop, Membership Manager, Essendon Country Club

APP FEATURES

OFFICE DAYS

This is a simple and easy feature added to our Anywhere App whereby staff can pre-book themselves into the office.

📅 Book your time in the office in advance through the InVentry Anywhere App.

⚙️ Give certain staff members access to the Admin View where any changes can be made and bookings can be overwritten if required.

EVACUATION REPORTS

InVentry helps organisations to see how effective their evacuation plan is and allows you to keep records of each evacuation, without having to use countless paper-based records.

🔥 Once an evacuation has ended, receive reports of who was accounted for - sent straight to your inbox.

⏱️ See the amount of time it took for an evacuation to take place, giving you the chance to improve your evacuation plan.
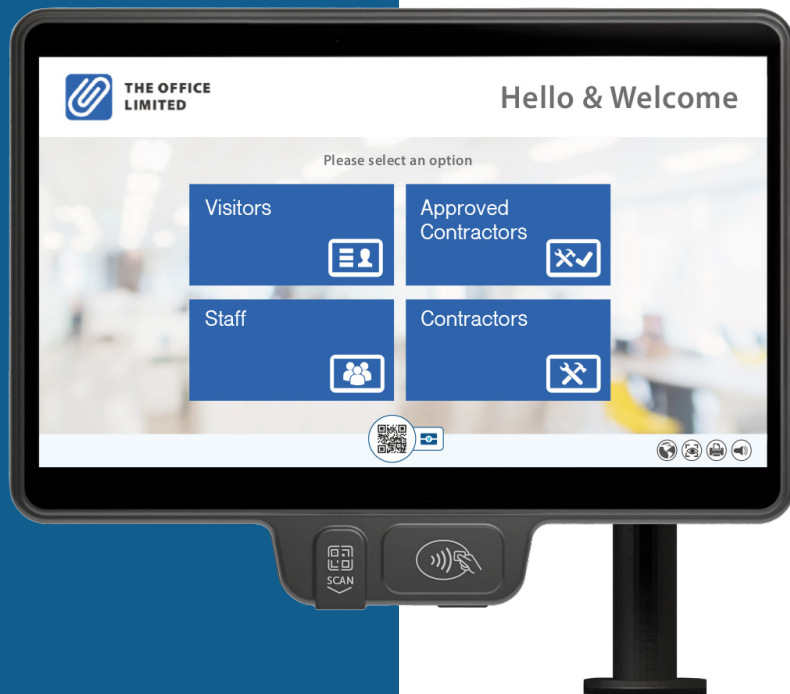

MULTI-SITE FLEXIBILITY

Whatever your organisation type, InVentry gives you the flexibility to manage site access through one comprehensive solution.

Staff roam between sites by flowing information between individual systems.

If staff forget to sign out at one site, they'll automatically be signed out from the individual system when they sign in at a different location.

Share personnel records across sites so contractors can be approved at a company-wide level for all sites.
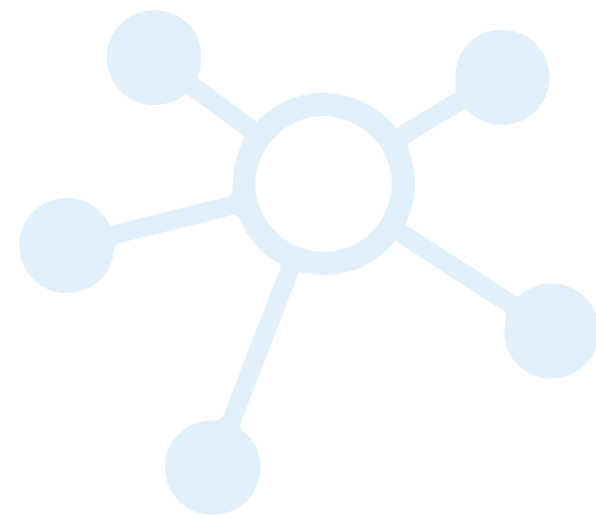

MANAGE
YOUR SPACES

Organisations can pre-book rooms to ensure you have the privacy you need to make your visitors welcome. Whether you need to book a room for an internal event, or have a client meeting, we have you covered!

Easily find and book the rooms you need.

With Cloud integration, staff know which spaces are reserved at all times.

Send your visitor the room number on their invitation email, with our Gmail and Outlook integration.

Outlook   Gmail

HASSLE-FREE PARKING

Removing the hassle of manually managing your car park, Space Bookings allows your visitors and contractors to reserve a car parking space during the pre-booking process, for a seamless welcome to your site before guests even enter the building!

- CLOUD BASED

CASE STUDY
THOMPSON COMMERCIALS

InVentry provides Thompson Commercials with a sustainable and comprehensive system to streamline their staff and visitor management process without compromising on site security.

THE CHALLENGE

Thompsons were looking for a sustainable solution which would enable door access, give them the ability to track staff working hours and manage any on-site contractors. They required a customised system that also allowed their staff, customers, and visitors to feel protected in the knowledge that they knew exactly who was signed in across all 8 sites, in case of an emergency evacuation.

THE SOLUTION

After being recommended to InVentry, the staff members at Thompsons were keen for an on-site meeting to discuss their specific requirements with one of our Account Managers. Once they had seen the system live in action, they knew it was the perfect fit for all 8 of their sites.

With over 220 staff members across multiple sites, Thompson Commercials now knows which staff members are signed in and where. By collecting accurate sign in data for staff members, visitors, and contractors they can now monitor on-site arrivals ensuring that everyone is easily identifiable and accountable in the event of an emergency evacuation.

InVentry also ensured that Thompsons had the ability to record staff working hours, effectively manage contractors and generate customised reports as and when needed. Door access was also a priority for the business and with the utilisation of our Quickscan units, Thompson Commercials can now allow staff members to easily sign in and out using RFID cards.

> **FROM CONTRACTOR MANAGEMENT TO GENERATING REPORTS ON STAFF WORKING HOURS, THE COMPREHENSIVE SYSTEM IS EASY TO USE, AND VISITORS LOVE THAT THEIR DETAILS ARE REMEMBERED FOR A FASTER SIGN IN PROCESS ON REOCCURRING VISITS.**

CASE STUDY
WOODS FOODSERVICE

InVentry's visitor management system helps Wood Foodservice to obtain their Grade AA BRC accreditation.

THE CHALLENGE

Woods Foodservice needed to accurately track staff working hours, improve health and safety as well as the ability to streamline their payroll processes. The company had also been trying to achieve a BRC accreditation for quite some time and needed to be 100% GDPR compliant to do so.

THE SOLUTION

InVentry has given Woods Foodservice the ability to run multiple detailed reports on all staff and visitors as well as making their visitor sign in procedure completely paperless and GDPR compliant. Shaun Frost, Assistant Logistics Manager at Woods Foodservice says "visitors like having all information available to them on one screen. All of our visitor policies and procedures are now available to view, upon signing into the building, and a health questionnaire is available to complete in one place rather than having it spread across multiple sheets of paper."

InVentry also helped Woods Foodservice secure a Grade AA BRC accreditation, something that they had been trying to achieve before introducing InVentry into their business. It also allowed them to offer custom questions to all visitors to gather needed information, before entering the building.

The staff at Woods Foodservice like that InVentry is easy to use. One scan of their card and they can sign in and out, quickly and easily. InVentry also allows the business to accurately track working hours which gives them an extra level of safety brought by knowing who is in the building at any time in the event of an emergency.
